

Course: ECE 333

- Instructor: Loay Abusalah, email: labusa1@uic.edu
- Lecture delivery method: Online asynchronous. Lectures will be recorded and made available to all students registered for the class through Blackboard.
- Laboratory delivery method: online synch
- Lab Fee [if applicable]: ~~\$50~~ For Fall 2020 the ECE department has decided to reduce the lab fee to \$25.
- How the lab will be run:
 - There will be 2 lab sessions. You need to attend one of the two sessions. Labs will start in week 3 of the semester with a frequency of a lab every 1 week.
 - Student groups: Students will work in groups of 2 to 3 students. One lab submission per group should be enough.
 - Per-lab work: Students will read the lab tutorial and follow the step by step instructions to finish the lab. The students will show up during the lab time for an online lab lecture followed by Q&A session to answer any question they may have.
 - Post-lab work: Each student group will submit electronically their lab report that will be graded by the TA. Lab grades will be made available before the next lab session.
 - Interactions with TAs or Instructor: TAs will be available for questions during the scheduled lab time or office hours. Instructor will be available during office hours or via email.
 - Personal protective equipment: All lab sessions will be online.

Projects: This course will have several Python projects which will be assigned every two weeks as homework's. Projects will be discussed during the lab time and will follow the same lab structure.
