

Course: ECE 397.

- Instructor: Matthew Alonso (malonso2@uic.edu)
- Lecture delivery method: Online synch / blended. Lectures will be recorded and made available to all students registered for the class through Blackboard. Students will be required to meet with their group weekly (at a minimum) and with the instructor biweekly.
- Laboratory delivery method: Please contact your faculty mentor to schedule biweekly meetings. Instructions regarding the senior design laboratory, part ordering process, and campus fabrication spaces will be provided during class.
